#### 2. Eligible Activities

The range of activities eligible for support under the Bilateral fund CLT is broad, including networking, exchange, sharing and transfer of knowledge, technology, experience and best practice between the Slovak and Donor States entities, provided that both the beneficiary and the partner(s) are actively involved in planning of the initiative and its implementation. The main aim of the initiative shall be to deal with the cultural heritage management in order to become a catalyst and support for social and economic development.

The initiatives shall have a clear bilateral profile and serve the purpose of strengthening bilateral relations between Slovakia and Donor states in the Area of Support. Welcomed are workshops, bilateral training sessions or study trips for employees in municipalities on cultural heritage management and/or elaboration of cultural heritage plans for the local communities.

Taking into account the unpredictable situation with COVID-19, it is mandatory to plan an online alternative for the activities within the initiative; it is therefore necessary to describe a mitigation plan for the possibility that the face-to-face activities could not be realized. The mitigation plan has to describe an eventual virtual fall-back option.

Examples of activities that can be carried out under the Bilateral fund CLT:

- development of bilateral cooperation, initiation and support of common solutions for cultural heritage development;
- networking, exchange, sharing and transfer of knowledge, experience and best practice among Slovakia and Donor States in the above mentioned Area of Support;
- joint meetings, visits, conferences, training and seminars among Slovakia and Donor States on topic of common interest in the above mentioned Area of Support;
- discussions between leading Slovak, Norwegian, Icelandic and Liechtenstein experts/professionals in the above mentioned Area of Support;
- publishing of joint reports, studies and publications.

**This list is non-exhaustive and it is meant just as an example of possible activities.**

Initiatives may not generate profit. If an initiative generates income as a part of its operation, the use of this income shall be described in the Grant Application.

The Applicant shall select at least 3 indicators listed in the **Annex IV to the Bilateral Fund Guide**.

Implementation of the initiative must have a tangible result that all partners contributed to. It can be in form of a video, presentation, study, analysis, strategy, publication, photos from events etc. Non-compliance with this rule may lead to a reduction of the approved grant.
Unless otherwise agreed by the Programme Operator, the initiative needs to be financially completed within one month from the last day of eligibility of expenditures stated in the Grant Offer Letter. The Final Report should be submitted no later than two months following the practical completion of the activity. The Programme Operator reserves the right not to reimburse the grant or its part in case the above mentioned was not complied with.

3. **ELIGIBLE EXPENDITURES**

Under this Call, only expenditures falling under Article 8.8, point a) and c) of the Regulations are eligible:

- activities aiming at strengthening bilateral relations between the Donor States and the Beneficiary States;
- networking, exchange, sharing and transfer of knowledge, technology, experience and best practice between entities in Beneficiary States and entities in the Donor States and/or international organisations;

Eligible expenditures therefore are those related to:

- activities aiming at strengthening bilateral relations between the Donor States and Slovakia in the mentioned Area of Support;
- networking, exchange, sharing and transfer of knowledge, technology, experience and best practice between entities in Slovakia and entities in the Donor States and/or international organisations in the mentioned Area of Support.

Except for the so-called “excluded expenditures” listed in Article 8.7 of the Regulations, all types of expenditures can be eligible, provided that they meet the conditions listed in this Call and in Article 8.2 of the Regulations.

No expenditures incurred before and after the dates set in the Grant Offer Letter shall be eligible. While there are no limitations regarding the types of expenditures (salaries, travel costs, purchase of equipment etc.), the past experience shows that the general principles on the eligibility of expenditures contained in Article 8.2. of the Regulations need to be considered. This is especially relevant as far as the proportionality and necessity of expenditures is concerned. As an example, purchase of equipment or consumables such as PCs, laptops, furniture might not be considered proportionate given the short time-span of the initiative implementation. Expenditures on wages that would be incurred irrespective of the implementation of the initiative might also be considered unnecessary (and thus not eligible). Further details can be found in the Bilateral Fund Guide, issued by the National Focal Point.

In relation to the nature of this Call, the most common types of expenditures are salary costs and fees, rental of premises, rental of virtual rooms, rental of equipment, travel and accommodation, costs of

6. **Financing and Reporting**

Unless otherwise agreed by the Programme Operator, no advance payments will be provided.
